

GROUNDWORKERS. WHO ARE THEY?

As a groundworker, you'll be at the front line when it comes to projects and most likely the very last to work on a construction site.

Have you ever wondered what groundworkers do?

A groundworker is responsible for a wide range of tasks

- > Construction site clean-up
- > Observing all health and safety precautions
- > Creating foundation trenches
- > Assists other construction professionals with excavation
- > Drainage and pipework systems
- > Using drawings and specifications to interpret
